Each party is given a bottle of champagne and hors d'oeuvres. Each session is 30 minutes long and each party member saves 25% on their session fee and saves \$25 on each extra!

4-7 Women—Starting at \$200
8-12 Women—Starting at \$150

WHAT TO Expect?

Plan & Book your session

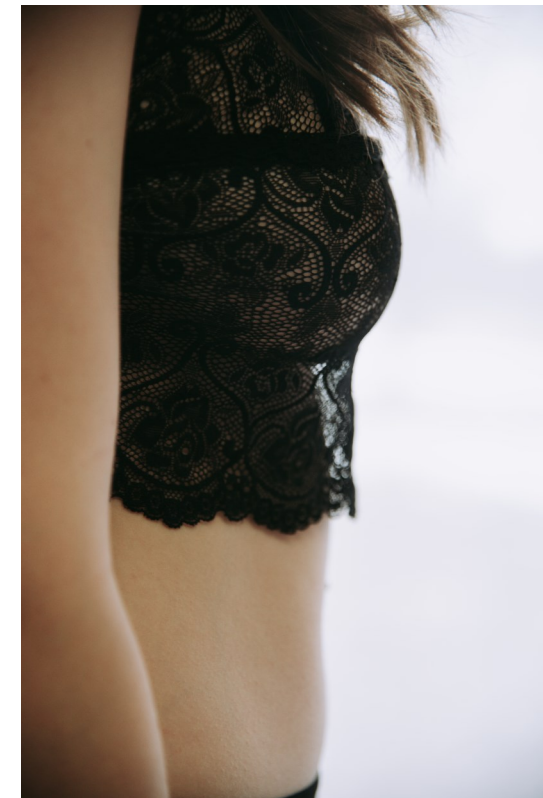

We will secure a date and time for your session and any additional details. 25% of your package fee is due at time of booking (remainder due at time of session)

Have your shoot!

Have a blast and enjoy the experience!

After your session

I will quickly get into editing your gallery and send you some previews along the way. When it is ready to be sent, I will send you a link to your protected online gallery for you to download! We will meet back at the studio or at a location agreed upon to design your album and get it ordered! Product purchases made after session are due 50% at time of order and remainder at time of pick-up!

WHAT DO I wear?

Ah yes, what to wear! By far the most frequently asked questions for my clients and the answer to this depends entirely on you! What kind of look do you envision for your gallery? What is comfortable but makes you feel great?

Having options is great! Don't feel like it has to be all about the lacey things and extravagant outfits. An oversized sweater, one his button downs or just a simple t-shirt matched with a panty can be equally as sultry.

Some clients like to bare it all while others like to remain more conservatively covered and either way is perfect! We will work together in whatever outfits you bring to showcase what a beautiful woman you are!
